

BUDDY GUARD

TAKE CARE OF
YOUR BEST BUDDY!

BEST DOG PRODUCT OF 2016

A COSY AND COMFORTABLE PLACE FOR YOUR DOG

Buddyguard products are known for their high quality and durability. The blanket is a comfortable, easy-to-move underlay to accompany your dog in the car, summer residence, or on trips. The pillow and bed are equipped with comfortable, thick padding and non-slip base fabric.

In addition, Buddyguard products are protected against insects by permethrin, an insecticide. The products are harmless to humans and dogs, but deadly to insects. The active substance never leaves the product. Insects, including ticks and mosquitoes, will not survive Buddyguard products.

Service life: A Buddyguard bed withstands 75 washes.

For optimal protection, we recommend washing the bed regularly, because of the dirt, dust, and hair accumulating on it.

Material: 65% polyester, 35% cotton.

Warning! Not suitable for cats!

Safe
to people
and to your
pet!
